Payment information

- When you provide a check as payment, you authorize us to either use information from your check to make a one-time electronic fund transfer from your account or to process the payment as a check transaction.
- If two or more installment payments are late in a policy term, the full outstanding balance may be required for the policy to remain in effect or to reinstate coverage. You can avoid this action by making installment payments by the due date. Any payments that are not received by the due date may be subject to a late fee, which will appear on your next bill.
- In the event a notice of cancellation is issued, it will be sent to you separately. The amount on the cancellation notice must be satisfied by the specified date in order to prevent your policy from being cancelled.
